IMPORTANT NOTICE

Re: Transfer of Employer Pension Contributions to Industrial Alliance

Pension Plan Members:

Please note that the transfer of the employer pension contributions received from your contributing employer(s) are transferred on a regular monthly basis to Industrial Alliance; however, there is approximately a 60-day period prior to transfer.

As an example, employer contributions earned in the work month of September are received in the Administration Office in October and transferred to Industrial Alliance by mid November.

Please take note of the above when checking your Industrial Alliance account online at ia.ca/myaccount or you can email at pension@ia.ca or call at 1-800-567-5670.
